

During this Amal, Dont recite Bismilla, not even once. If you recited by mistake, then wait for 30 seconds to seprate it from rest of amal. (you can recite Aaouzu-bila- he manishaetaaan nira jeem)

After Fajar prayer...

Recite 3 times Darood Ibrahimi
Surah Hood 1 time
Durood Ibrahimi 3 times

Then pray to Allah that, who so ever is spelling magic on me, on my family or on my home, return that magic on him/her and show our eyes when it will return on them. (and InshaAllah you will see with your eyes that the fire which he burned for you, he by himself is burning in that fire)

Then blow on yourself and on all corners of your home.

* **Reason for not reciting or seprating Bismilla from recitation.**

As we know that Allah is very merciful He is Rehman and Raheem, so its not good that first we say "**In the name of Allah, the Beneficent, the Merciful**" and then we pray for punish enemies or to destroy them.

Note:-

- Dont talk during recitation
- Dont continue for more then one week, after one week give break of one or two days then start again if needed.
- If you see that enemies are getting loss alot, then stop this amal.Because it could result serious damage to them.
- Dont share amal to anybody that, what you recite and for WHAT PURPOSE you recite.
